

Dear Ms. Kris Latimer,

'Tis the season to wish you a wonderful holiday and a happy and healthy 2011.

We also want to share an extra-special recognition that Continental Mills received just this past November on the Oprah show when she chose our *Ghirardelli Double Chocolate Brownie* as one of *Oprah's Ultimate Favorite Things* in 2010. Our Ghirardelli brownie was also recently featured on the Today Show where it was rated against the top selling 7 brands as the best tasting boxed brownie mix. As you know this is a very special compliment and is an endorsement to the quality of the product.

This will be Oprah's last season on ABC so to be chosen as one of the favorites this year makes all of us at Continental Mills very proud.

We hope you enjoy our brownie treats and share them with your family and friends.

Happy Holidays
